## REGULAR AGENDA

### 1. Chief Appraiser Items

- A. Digest Submission Update – We received approval from the state for the 2023 Digest. The collection order has been sent and the parties have been notified. The Tax Commissioner's office is in the process of generating their bill files. Our coordination with the Tax Commissioner's office was very smooth and fluid and it all came together as needed. Congratulations and thank you to all the staff for their hard work throughout the year. You are all very much appreciated.
- B. 2022 DOAA Sales Ratio Study – The way the Dept. of Audits calculates sales ratios is very different from how the Dept. of Revenue teaches us. We use prior year sales to determine current year value. Dept. of Audits also uses prior year sales but they look at the relationship of prior years' values has on the Sales. In a year that has a tremendous market growth we find ourselves with low ratios. Our Dept. of Audits sales ratio study this year is 35.91% overall. That is below the compliance level of 36%. Compliance levels are between 36% - 44%. In order to assess Public Utilities at 40% our overall sales ratio must be at least 38%. This year is a Digest Review year. The DOR does reviews every 3 years. One part of the digest review is the DOR wants our results from the Dept. of Audits sales ratio study. If it is below 36% we will receive a negative mark if it is not corrected. If it is not corrected by the next digest review the fine is \$5.00 per parcel. We suggest filing an appeal with Dept. of Audits. In order to get the process started we will need the Chairman of the Commission to draft a letter. He will authorize us to represent the county in the appeal process. Last year GMASS assisted us with the appeal and we recommend we take the same route this year. Staff is currently reviewing sales for qualified/unqualified sales to see where we may disagree with the Dept. of Audits.
