## DIVISION MANAGER STAFF REPORTS

Tally Peek for Support Services/GIS – For TY2023, GIS has completed 1,894 map edits with 1,461 of those being new parcels and 433 being split/combo packets. There was an increase of 24% from the previous year. Transfers decreased 11% from last year. A total of 13,980 transfers were completed. SEDA had six new transfers for TY2023 which are primarily located in Bloomingdale and Port Wentworth and SEDA will have seven

property leases expiring for TY2023 which are primarily located in Pooler and the City of Savannah. 10,401 total permits were issued for TY2023, which is slightly less than last year. Support Services saw a steady homestead season with 708 applications being filed online and 3,969 filed in person. Taxpayers had positive feedback about the process and were appreciative of the patience of the staff, as well as their ability to educate them on the process.

Yourlinda Jarrett for Residential – 8,400 permits have been completed, of those 1,139 were new construction and added nearly \$370 million to the digest. 134 Splits/Combos were completed, 7,300 sales reviews were completed and approximately 38,000 field reviews were completed. Real estate activity throughout the county has been largely influenced by economic growth. Rapid development in west Chatham seems to have been the most dynamic influence. Nearly half of the newly constructed homes were built in Pooler and Port Wentworth, while Bloomingdale and Garden City are steadily trending toward commercial and industrial development. Market sales analysis indicated that 304 of 821 residential neighborhoods warranted upward adjustments, while only 17 warranted downward adjustments.

Lisa Lowrimore for Personal Property/Commercial – Commercial/Industrial processed 88 split/combo packets and completed 2,091 permits. 169 property transfers were reviewed. Of the total number of permits reviewed, 83 were new construction that include apartments like the Preserve at Quacco in the County, the Savannah Harbor and Ogeechee Place in Savannah, the Botanic and Populus in Pooler and the Meadows in Bloomingdale. In addition, five new gas stations were completed within the County. New commercial construction in the county added approximately \$80 million to the digest.

The larger new industrial projects for the year include three new storage warehouses and six new mega warehouses. The industrial new construction added \$224 million to the digest. There were also some large exempt projects started this year like the SEDA sponsored, 2.6 million square foot, Amazon distribution warehouse and the new Groves Complex in Garden City. Savannah High School completed their new stadium, along with two new churches in Savannah.

Some building materials have dropped in cost whereas others have risen causing some of the larger manufacturing plants in the County to receive large increases due to the yearly cost table updates.

The commercial property division completed a revaluation of all income property types to include hotels and motels, community and neighborhood shopping centers, multi-family and apartments, warehouses, office buildings, and downtown Savannah. It was noted in the warehouse market that the vacancy and capitalization rates were falling, while the rental rates were increasing in just about all the categories. As a result, the income formulas were adjusted to reflect the changes in the warehouse market.

As for the apartment properties, it was noted that the vacancy rate for the Savannah area is below its 10-year average. While the rental rates have eased slightly, year over year growth remains one of the highest in the Southeast, outpacing much larger markets such as Atlanta. As a result, the income formulas were adjusted to reflect the market conditions.

Lodging properties have recovered from previous multi-year challenges. Reported room revenues were up for both unincorporated Chatham County and all municipalities. Adjustments were made to the convention categories to reflect the market.

Personal Property completed 5,900 boat revaluations for Tax Year 2023. The overall growth in boat values has contributed to the rise in Boat Blue Book values. Aircraft Blue Book values also continue to increase in addition to adding three new commercial planes to the digest this year.

Page 3

Approximately 8,700 returns were received this year with roughly 2,500 submitted online. This year we have received approximately 393 requests for the Freeport Exemption. We have received about 30 new applications for the tax year. With new industrial projects in the area, we have received five new Personal Property Capital Improvement requests for consideration.

## REGULAR AGENDA

### 1. Chief Appraiser Items

- A. TY2023 Revaluation Summary – The meeting on May 11<sup>th</sup> will have the final digest figures, how many Notices of Assessment will be sent, etc. We expect to have the audit reviews completed today. Next week we will have the pre-list disc with the information for Notice of Assessment approval ready for distribution. We are working with a new print vendor this year and expect to have the Notices of Assessment mailed on May 16<sup>th</sup>, in the interim Corey, Kevin and Vaughn have been running Notices of Assessment looking for any issues. We do not anticipate any issues with the mailing of Notices of Assessment and expect that it will go smoothly.

Re: 2023 Homestead Exemption pursuant to O.C.G.A. §§48-5-48(b) and 48-5-52(a)

---

The purpose of this announcement is to provide the amount of homestead exemption authorized to be claimed by the following applicants:

- Disabled veterans, surviving spouse, and minor children pursuant to O.C.G.A. §48-5-48
- Surviving spouse of servicemember killed in action pursuant to O.C.G.A. §48-5-52.1

The above referenced qualified homestead applicants are permitted to exempt from ad valorem taxes on their homestead between the greater of \$32,500 or the maximum amount allowable under Section 2102 of Title 38 of the United States Code, as amended.

Such amount under federal law is adjusted annually by the United States Secretary of Veterans Affairs for the rate of inflation regarding the average cost of real property construction.

The resulting amount as of the date of this announcement is **\$109,986** and such amount may be claimed for tax year 2023 by qualified disabled veterans or their unremarried surviving spouse or minor child pursuant to O.C.G.A. §48-5-48 or by qualified surviving spouses of service members killed in action pursuant to O.C.G.A. §48-5-52.1

Re: 2023 Social Security Maximum for Homestead Exemptions

---

As a courtesy to the local tax officials, we annually provide the maximum amount of benefits authorized to be paid to an individual and spouse under the federal Social Security Act.

As you know, the exemptions provided for in O.C.G.A. §48-5-47 and 48-5-52 for age 62 and age 65 taxpayers are based on the net income of applicant and spouse not to exceed \$10,000 for the immediately preceding year. Under these laws, net income does not include income received as retirement, survivor or disability benefits under the federal Social Security Act or under any other public or private retirement, disability or pension system, except such income which is in excess of the maximum amount authorized by to be paid to an individual and his spouse under the federal Social Security Act. Income from such sources in excess of the maximum amount of social security is to be included as net income for the purposes of determining eligibility.

The social security maximum amount for tax year 2023 is **\$87,048** which amount may be used when determining eligibility of an applicant and spouse seeking the elderly homestead exemptions for tax year 2023.
